Ethics & Compliance

The Blue Book contains the Group Fundamentals, Guidelines and Policies.

In our largely decentralized and entrepreneurial organization, it is critical to have a set of common guidelines and procedures which govern our fundamental operation as a Group. The Group "Blue Book" originally created in 1989 as a managers' rulebook – which was blue in color! - it provides a common framework for every employee to work effectively as one Group.

The Blue Book tells you everything you need to know about the Group's objectives, ethics and values, governance and organization structures, as well as key principles and processes in the areas of Sales, Risk Management, Pricing & Contracting, Legal, Delivery and support processes such as Finance, HR, IT and many more.

A copy of Blue Book can be downloaded at the following link
